☎ +91 7089037084

### Hard Skill

---

- Python
- Javascript
- HTML
- CSS
- Node js
- React js
- Express js
- MongoDB

### Soft Skill

---

- Communication
- Problem-solving
- Time Management
- Teamwork

### Education Background

---

- NIIT University , Neermrana  
*Bachelor of Technology in Computer Science (Artificial Intelligence)*  
currently pursuing
- Ryan International School Indore  
Class 12 (CBSE)  
Completed in 2018

### About Me

---

As a web developer in my 3rd year of college, I am passionate about creating engaging and user-friendly websites. I have learned various programming languages, frameworks, and software, and I am always eager to expand my skills. Although I am still learning, I have completed several projects that showcase my ability to apply my knowledge to real-world scenarios. I am a quick learner and am always looking for new challenges to enhance my skills. My goal is to become a proficient web developer and work on innovative projects that contribute to the digital world's evolution.

### Personal Project

---

CRUD using Express.js and MongoDB:

- Developed a CRUD application using Express.js and MongoDB that allows users to create, read, update, and delete data.
- Sole developer responsible for the project from start to finish.
- Demonstrated proficiency in Express.js and MongoDB.

Session Management with HTML, CSS, JavaScript, Express.js, and MongoDB:

- Developed a session management system for a web application using HTML, CSS, JavaScript, Express.js, and MongoDB.
- Worked collaboratively with a team of designers and developers to implement the system.
- Successfully improved the security of the web application by implementing session management functionality.

Small-Scale JavaScript Development

- Developed a variety of small JavaScript projects, including a clock, countdown, counter, background color changer, and to-do list generator, demonstrating proficiency in JavaScript and various web development technologies
